1	From the Revenue Commissioner in Mysore to the Secretary, No. 6698, dated 28th April 1904. Forwards letter No. 149, dated 11th November 1903, from the Deputy Commissioner, Chitaldrug District.	

Serial No. of File.	Number and date of letter and contents.	References.

States that an extension of the existing Mahomedan burial ground at Chitaldrug is urgently necessary, as no space is available for any fresh interment within its present limits; and that Survey Nos. 68 (only a portion of it) and 69 of Medehalli village may be acquired as they are situated in close proximity to the present grave yard, also letter No. 203, dated 7th January 1904, from the same officer, submits an extract from the Proceedings of the Chitaldrug Town Municipal Board and states that owing to the large deficit in the finances of the Chitaldrug Town Board, *viz.*, Rs 4,672-12-1, it is not possible at present to meet the whole or any portion of the compensation amount from Municipal Funds, but that the acquisition of the lands under reference is absolutely necessary to meet the pressing want of the Mahomedan population, and requests that Government may be pleased to sanction the amount either from Local Funds General or Provincial Funds as a special case and also recommends the writing off of the assessment on the lands in question, if the Government be pleased to sanction their acquisition in due course and assignment for burial purposes.

2 **To the Senior Surgeon and Sanitary Commissioner in Mysore, No. 5062—L. F. 16-98, dated 28th June 1904.**

Requests with reference to Revenue Commissioner's letter, (Serial No. 1) that he will be good enough to state whether on Sanitary grounds the land selected and shown in the Deputy Commissioner's No. 149, dated 11th November 1903, is suited for a burial ground and if not what other site he would recommend for the purpose.

3 **From the Senior Surgeon and Sanitary Commissioner in Mysore, No. 74, dated 3rd August 1904.**

Forwards in reply copy of No. 185, dated 30th July 1904, from the Assistant Surgeon, Chitaldrug District, stating that he inspected the plot of vacant ground now applied for and found it quite suited for the purpose, in fact the extension now applied for is farther away from the town than the plot of ground where bodies were being buried till now, and that the extension applied for may therefore be safely granted; and states that he can give no personal opinion as it is eight months since he visited Chitaldrug and the position of the locality in question has escaped his memory, and that the opinion of the District Surgeon may be accepted as he is a capable officer.

4 **From the Secretary, General and Revenue Department, No. 1875-8—L. F. 16-98, dated 2nd September 1904.**

States that the declaration and the statement received with the Revenue Commissioner's letter referred to in Serial No. 1 will be forwarded to the Compiler, *Mysore Gazette*, for publication in the Gazette; directs that the Assistant Commissioner in charge of the Chitaldrug District Treasury be authorized to take order for the acquisition of the lands under the provisions of the Land Acquisition Regulation and declares with certain remarks that as the Chitaldrug Town Municipality is in an impecunious condition, the cost of the acquisition of the lands, *viz.*, Rs. 202-14-0 be advanced from the Local Funds General as a debt to be discharged by the Municipality.

Construction of a kodi to the Sampigehalli Tank, Bangalore City.

1 **From the Private Secretary to His Highness, No. 429, dated 30th November 1903.**

Forwards Telegram from Nanjegowda and others, residing below Sampigehalla tank complaining against the cutting of the bund of the Sampigehalli tank, for letting off water therefor.

To the President, Municipal Commission, Bangalore City, No. 2310—L. F. 51-02, dated 16th December 1903.

Forwards Serial No. 1 for report.

2 **From the President, Municipal Commission, Bangalore City, No. 160, dated 21st December 1903.**

States in reply to Serial No. 2 that during the recent heavy rains the said tank became so full as to cause apprehension of the bund being breached, if necessary, precautions to let out the excess water were not taken in time and complaints were also received from the residents and owners of large bungalows in the neighbourhood as their compounds had been inundated by the overflow of the tank, that as property and probably life were thus endangered, it became necessary to open out the old channel and let out two feet of water and that it is not clear in what way the petitioners are aggrieved by letting out the excess water of the tank which, but for the timely precautions would probably have burst the bund and left the tank quite dry; that the same method of letting out excess water was being resorted to on previous occasions whenever the tank became overfull; that further escape of water has been prevented by throwing a bund across the

8	To the Chief Engineer in Mysore, No. 4281—L. F. 51-02, dated 10th May 1904. 9	From the Chief Engineer in Mysore, No. 3331, dated 8th June 1904 Informs that the catchment area of the Sampigehalli tank was partly diverted into the Miller's tank before the Rendition of the Province, and it does not seem necessary to rise the question as to its being now restored, that the supply thus cut off would only amount to some 4 or 5 units in good years of rainfall at the outside ; that the history of the whole subject is given in Government Proceedings No. 1078-9—5, dated 6th June 1883.	
10	To the Chief Engineer in Mysore, No. 29—L. F. 51-02, dated 5th July 1904. 13	From the Secretary, General and Revenue Department, No. 2766—L. F. 51-02, dated 30th September 1904. Agrees with the President that no kodi to the tank is at present necessary and observes that what the late President Mr. Sparkes said about the bund having been in damages when water was lowered in the last occasion is not accurate

Letter No. 208, dated 15th July 1903, from the Revenue Commissioner in Mysore, to the address of the Secretary to Government, General and Revenue Department, regarding the conversion Into inam of certain lands endowed to the Madarsha Makkan at Tumkur, acquired for the extension of the Tumkur Town.

No 1077-81, DATED BANGALORE, 19TH SEPTEMBER 1904.

ORDER THEREON.—The Government in their Proceedings. No. 6112-13—R. 2946, dated 4th March 1899, sanctioned the acquisition of the marginally noted Inam lands attached to the Madarsha Makkan in the Tumkur Taluk, for the extension of the town of Tumkur, on payment of a compensation of Rs. 1,181-4-0. It was arranged at the time of the acquisition that an extent of Government land bearing assessment, equivalent to the proportionate assessment, *viz*, Rs. 6-12-0, should be purchased out of the compensation amount and granted in exchange as Inam to the Makkan.

2. An extent of land measuring 19 acres and 25 guntas, has accordingly been purchased out of occupied Survey No. 31 in the Batavadi village of the Tumkur Taluk bearing a proportionate assessment of Rs. 6-12-0 agreeably to the wishes of the Makkandar and an amount of Rs. 345, has already been paid to the owner of the land leaving a balance of Rs. 47-8-0 yet to be paid to him. The Deputy Commissioner of the Tumkur District requests sanction to the aforesaid land being treated as Inam to the Makkan and submits an alienation statement with respect thereto and proposes that the balance of compensation may be paid to the Makkandar. The Revenue Commissioner recommends the conversion into Jodi, of the lands thus purchased on behalf of the Makkan and suggests that the balance of the compensation amount may be invested for the benefit of the Makkan.

3 Under the foregoing circumstances, the Government are pleased to sanction the Revenue Commissioner's recommendation. The Superintendent of Inam Settlements will be requested to register the newly purchased lands referred to in the foregoing para as " Devadaya Inam" in favor of the Madarsha Makkan at Tumkur, and the necessary entries will be made in the Village Accounts. The unspent portion of the compensation money, *viz.* Rs. 788-12-0 should for the present be deposited in the Government Savings Bank in the name of the Taluk Amildar for the time being, the balance of Rs. 47-8-0 payable to the owner of the land being paid to him in full satisfaction.

Letter No. 413, dated the 10th February, 1904 from the Deputy Commissioner, Tumkur District regarding the transfer of patta of the Jodi Kantevaderal alli village in the Tumkur Taluk.

Letter No. 7892, dated the 8th June 1904, from the Revenue Commissioner on the subject.

No. 1074-6, DATED BANGALORE, 20TH SEPTEMBER 1904.

ORDER THEREON.—In 1667 Jodi Kantevaderahalli in the Tumkur Taluk was granted to Lakshmipathisastry by His Highness the late Nanjaraja Wodrear Bahadur, the object of the grant having apparently been the maintenance of Prasanna Nanjundeswaraswamy temple at Kolala. During the Inam Settlement, the village was, perhaps through mistake, settled as Personal Inam in the name of Gurumurtibhatta and Narayanabhatta, who were then looking after the management of the temple and the village.

2. In May 1899, Krishnappa, a distant relative of Gurumurtibhatta and of Narayanabhatta, both of whom died issueless, claimed the registry of the village in his name. Subbamma, Gurumurtibhatta's sister's daughter, claimed at the same time the transfer of the village in her name. In the meanwhile, Krishnappa sold the village to a goldsmith by name Sithakal Venkatakrishnaiya for Rs. 450. In connection with this sale, one Ramasastry of Arudi represents that the village belongs to the temple and that Krishnappa had no right to sell it away. The Deputy Commissioner who made a thorough enquiry into the matter states that he is convinced that the village rightly belongs to the temple but that through fraud or otherwise it was settled as a Personal Inam, that it is too late now to go behind the Inam Settlement, that the goldsmith Venkatakrishnaiya consents to make over the village to the temple 20 years hence and to pay in the meanwhile, Rs. 9-0-0 annually to the temple besides the jodi due to Government and that the sanction of Government may be accorded to the arrangement come to, which is reasonable. The Revenue Commissioner states that the course suggested by the Deputy Commissioner seems to be one which the Muzrai Department may adopt and that it should be secured by a document to be executed by the present holder, goldsmith Venkatakrishnaiya, in favor of the temple in appropriate terms.

3. The arrangement proposed is, under the circumstances, sanctioned. The Deputy Commissioner is requested to take the necessary agreement from all the parties concerned, the form of the agreement being determined in consultation with the Government Advocate in Mysore.

Appeal No. 159 of 1903-04.

Appellants. 1. Kutti Appaji Alasingrachar.
2. Annasami Tirumaliengar.
3. Annasami Ramanujiengar.

SUBJECT.

Claim to the Adhyapaka post in the Sri Prasanna Krishnaswami temple at Mysore.

The facts of the case appear sufficiently from the following:—

DECISION.

The three appellants claim the Post of Adhyapaka in the Sri Prasanna Krishnaswami's temple at Mysore. It has become vacant on account of the death of Singamma who succeeded to the office in 1872 after the death of her husband Srinivasiengar. The latter obtained it by way of gift from Jois Singlachar whose son Sampat Kumarachar was the registerdar previously. Thus it will be seen that Singamma held the post not by inheritance from her parent but in succession to her husband. She died issueless. The claimants are:—

(1) Alasingrachar, brother of Singamma.

(2) Annasami Tirumaliengar, a cousin of the deceased Srinivasiengar.

(3) Annasami Ramanujiengar, brother of the said Srinivasiengar.

No. 1 has no manner of right to succeed, his sister having held the office by virtue of her husband's hak which, on her death must revert to her husband's legal heirs. Of the remaining two claimants Government hold that Annasami Ramanujiengar should be appointed to the office he being more nearly related to Singamma's husband than the other. The applications of Nos. 1 and 2 will be rejected.

No. 1112, DATED BANGALORE, 26TH SEPTEMBER 1904.

Copy of the above is forwarded to the Palace Controller with the records received with his letter No. 17, dated 4th August 1903.

Appeal No. 153 of 1903-04.

Appellants	*Versus*	Respondent
1. Mahabala Bhatta, son of Sesha Bhatta, minor by guardian and uncle Krishna Bhatta.		Rama Jois
2. Krishna Bhatta.		
3. Bussu Bhatta.		

Subject.

Appeal against the order of the Deputy Commissioner of the Kadur District declining to recognize the claim of the appellants to perfrom the "Tantrika" service during the Girija Kalyana festival of Kalaseswaraswami at Kalasa in the Mudgere Taluk.

Facts of the Case.

On the 26th April 1897, the 1st appellant's father Sesha Bhatta complained to the Amildar of the Mudgere Taluk, that the respondent, the archak, refused to allow him to perfrom the "Tantrika" service on the occasion of the consecration ceremony of Dhwajastambha in the Kalaseswaraswamil temple, which took place on the 19th of the same month and contended that the respondent was only performing the duties as his gumsta. The Amildar held an enquiry and reported that according to the Sannads produced by the parties and the evidence produced during the enquiry, Sesha Bhatta was entitled to "Tantrika" service and the respondent to Archakship alone. Thereupon the Assistant Commisssioner directed on the 26th August 1901 that Sesha Bhatta should be allowed to preform the "Tantrika" service. The petitions presented by the respondent and two others for a re-consideration of the above order were, affter further enquiry in the matter, rejected by the some Officer on the 2nd November 1901. Against this order, the respondent appealed to Govrnment on the 10th December 1901. In G.O. No. 876 Muz.—F. 63-93, dated the 3rd November 1902, Government transferred the appeal to the Deputy Commissioner for disposal. He after hearing the parties and on perusal of the documents relied on by each ,orderded on the 25th July

1903 that the respondent should perform the "Tantrika" serivce during the Girija Kalyana festival and the 1st appellant's father Sesha Bhatta should do the same during the car festival. The appeal is from this order.

Decision.

The appellant's father appeared before the Deputy Commissioner and was duly heard. The papers relied on by him as well as the temple accounts were also perused by that Officer. Upon the evidence before him the Deputy Commissioner has held that the Rathotsava Tantrika belongs to the 1st appellant and the Girija Kalyana Tantrika to the respondent. From this finding Government see no reason to dissent. The appellant has not shown that the respondent merely officiated at the latter function as his gumasta.

The appeal fails and is dismissed.

No. 1114 DATED BANGALORE, 26TH SEPTEMBER 1904.

Copy of the above is forwarded to the Deputy Commissioner of the Kadur District, together with the records received with his letter No. 307, dated 15th December 1903.

Letter No. 2063, dated 29th October 1903, to the address of the Secretary to Government, General and Revenue Departments, from the Revenue Commissioner in Mysore, recommending the restoration to the temple of Anjaneyaswami at Netikere in the Channarayapatna Taluk, of some of the inam lands resumed in 1880.

No. 1212-6, DATED BANGALORE, 28TH SEPTEMBER 1904.

ORDER THEREON.—The marginally noted inam lands endowed to the Sri Anjaneyaswami temple, in the Notikere village, Channarayapatna Taluk, were resumed to Government during the Inam Settlement in 1880, on account of the then disrepaired condition of the temple. After resumption the lands continued to be shown in the Village Accounts as inam and allowed to remain in the possession of the temple. The Deputy Commissioner of the Hassan District reports that the temple has been kept in good repair and worship therein regularly performed and requests the restoration of the resumed inam. The Revenue Commissioner in Mysore recommends it.

Survey Nos. 30, 36, 49, 66 and 24.
Measuring A. 18 G. 24.
Assessed at Rs. 17.
Jodi Rs. 5.

2. In these circumstances, the Government are pleased to sanction the restoration to the temple, of the resumed inam lands. For the years the lands were in the possession of the temple since 1880, the temple would be liable to pay the difference between the assessment and the Jodi. But as the temple is not primarily responsible for the mistake, the Government are pleased to sanction the remission of the arrears in question.

PUBLIC WORKS

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

The following Note by the Public Works Secretary, dated 28th March 1904, and endorsement thereon in the Financial Department, No. Fl. 4, dated 1st July 1904:—

I beg to submit for orders of Government the accompanying Public Works Budget Estimates for the year 1904-05, amounting to Rs. 40,84,000 under the following funds:—

	Rs.
Provincial Fund	36,10,000
Local Funds General	1,32,000
Irrigation Cess Fund	2,72,000
Palace Fund	70,000

These estimates have already received your personal approval at an interview at your house on the 17th instant; but they are incomplete without the District Fund portion of the budget; which, according to a reference received from the General Department will not be submitted to this office for another 2 months; this is stated to be due to the fact that most of the Taluk Boards under the new Local Board Regulation have not yet come into existence. The District Fund Budget can, however, be embodied in the P. W. D. Budget as usual, before it is finally printed.

2. *Provincial Fund.*—The requirements under this head as per Superintending and Executive Engineers' Draft Budgets amounted to nearly 50 lakhs, including establishment and tools and plant. These I have now reduced to Rs. 36,10,000 which is about the same figure as that originally sanctioned for 1903-04; but last year the budget allotment was subsequently increased by more than 4 lakhs on account of urgent works. The practice of classifying the expenditure under this fund as "Ordinary" and "Extraordinary" has been dispensed with in this budget, as there does not appear to be any object in maintaining this distinction.

3. It is hoped that the allotment of Rs. 36,10,000 now asked for will be considered moderate, especially in view of the fact that 2½ lakhs of that amount has to be allotted for the restoration of tanks which were breached or damaged by the abnormal rains of November last, and for which a special grant of 3 lakhs was sanctioned during 1903-04. It will not be possible to materially reduce the annual allotment for works under this fund until the works of the Mysore Palace Reconstruction and the Marikanave Reservoir are completed. I have only entered in the budget those works which are absolutely necessary, and those which it is considered desirable to undertake as early as possible. I also submit herewith a separate list of works which it is desirable should be taken up if funds are available, and I leave it to you to add such of these to the budget as you may think desirable. Another list is submitted of works which may be postponed for the present.

4. The provisions made for minor works and repairs are very moderate considering the large demand for such works; and I hope these may be allowed to stand.

5. *Local Funds General.*—The grant proposed under this head is Rs. 1,32,000 against the revised grant of Rs. 1,42,900 for 1903-04. This amount provides for 2 incomplete road works; and for 7 new bridge works, of which 4 are in progress.

6. *Irrigation Cess Fund.*—The total assets under Irrigation Cess proper available for expenditure for 1904-05 are estimated by the Comptroller at Rs. 2,72,000, which amount has been taken as the grant for the year.

7. *Palace Fund.*—Under this fund, a grant of Rs. 70,000 has been provided; and a copy of this Palace Fund Budget has been forwarded to the Palace Comptroller for approval.

8. *Establishment.*—The total charges under this head amount to Rs. 8,23,000 against Rs. 8,19,000 of the previous year; the excess of Rs. 4,000 being chiefly due to the anticipated increase of salaries and contributions payable towards leave and pension allowances of Imperial officers.

9. *Tools and Plant.*—The total amount provided under this head is Rs. 79,111 against Rs. 46,986 sanctioned for 1903-04. Of this amount (1) Rs. 10,000 are required for the purchase of famine reserved tools ordered by Government, (2) Rs. 20,000 for the purchase of Steam Road Rollers, (3) Rs. 5,000 for the purchase of special tools, such as a small steam hammer, a punching and shearing machine, etc., required for the new Workshop and Stores Division recently sanctioned to carry repairs to machinery and tools, etc., (4) Rs. 10,000 towards meeting cost of repairs, etc., to machinery which may be sent for repairs by the several departments (*vide* Government Proceedings No. P. W. (173-95—972-94, dated 8th February 1904), (5) Rs. 10,000 for the purchase of a motor car which I consider desirable to purchase for reasons given in this office Memo of 29th March 1904, and (6) the balance is required to meet ordinary requirements.

10. If items (1), (3) and (5) which are of a special nature, and for which no provision was made last year, are eliminated it will be seen that the provision under tools and plant is not more than what was sanctioned for that year.

READ ALSO—

The following Memo by the Public Works Secretary, dated 14th June 1904.

With reference to the enclosed D. O., dated 4th June 1904, from the Assistant Secretary with the Dewan stating that as per D. P. W. Budget for 1904-05, the total cost of establishment including tools and plant is as high as 27½ per cent of the cost of works while it ought to be only *20* per cent, under the Dewan's printed Programme of 1894, and enquiring for the Dewan's information whether any measures will be taken to reduce the cost, the following explanation is submitted:—

2. The above percentage would appear to have been assumed by the late Dewan because the percentage of establishment charges for the years 1888-89 to 1892-93 was between 19 and 20 per cent; as will be seen from page 2 of Col. McNeil Campbell's Memo of 24th March 1893. A statement of outlay under works and establishment from 1893-94 to 1903-04 is herewith submitted, and from this statement it will be seen that the average percentage of establishment charges to total outlay under all funds does not exceed 21 per cent, except in the year 1902-03 in which the percentage stood at 23·2 on account of the special establishment of a Superintending Engineer and his staff for the purpose of preparation of projects for protective irrigation works, and on account of the deputation allowances of Major deLotbiniere having been sanctioned to be charged to "General Establishment." The charges for establishment have been perhaps increasing a little; but it should at same time be noted that grants for works have also been increasing. The appointment of Circle Officers in 1827 (*i.e.*, Superintending Engineers) has also tended to increase the cost of establishment; but on the whole the percentage is not in my opinion excessive.

3. The provision for works and establishment in the Public Works Budget for 1904-05 (which includes the French Rocks Division, the establishment for which is proposed to be transferred to the New "Channels Division") is as follows:—

	Rs.
Works (including an approximate sum of Rs 3,15,000 on account of District Fund Works for which particulars are not available.	35,62,500
Establishment	8,23,000
Tools and plant	70,500
Total Grant ...	44,56,000
Percentage of establishment	23·1

4. The above percentage of establishment is, as a matter of fact, more than the actual as, under standing orders, no additional charges are now made for "Establishment" in the estimates for special works sanctioned by Government in the General Department, on specific requisitions of other Departments, to be carried out from funds placed at our disposal from the Civil Budget.

5. I may here also remark that the percentage of Public Works Establishment to works in Madras for the last year (1902-03) was 33·76 or nearly 34 per cent. I would also invite your attention to para 4 of Col. McNeil Campbell's Note of 24th March 1893 referred to above on the subject of the percentage of the establishment necessary for the efficient working of the Public Works Department.

6. In addition I may remark that (1) the Special Establishment under Mr. Karve for preparation of Tank Maps, (2) the staff employed in each Division for preparation of projects for Famine Programmes and (3) preparation of projects for the restoration of major tanks, are also included in the establishment charges.

7. As a matter of fact the percentage of establishment is, in my opinion, very moderate; and this would be still further reduced if a percentage of the cost of the Chief Engineer's office was charged, as would only be fair, to Railways and to the Cauvery Power Scheme, and the allowance of Rs. 250 a month paid out of Provincial Establishment to Major deLotbiniere for the latter work was charged to the Cauvery Power Scheme.

8. If the charges mentioned in paras 4, 6 and 7 are taken into account and the cost of establishment for such deducted, the percentage of establishment would be reduced to a very little over 20 per cent.

9. The inclusion of tools and plant is hardly fair in a discussion as to the percentage of cost of establishment to works.

No. 1065-97—5795-827, dated Bangalore, 27th September 1904.

Order thereon.—The budget estimates under "Provincial Fund" as framed amount to Rs. 36,10,000; but in view of the present financial outlook the marginally noted works, which are not of great urgency, entered therein have been eliminated; and the allotments for constructing the Victoria Hospital at Bangalore, and for the formation of the Curzon Park at Mysore, have been reduced from Rs. 50,000 and Rs. 40,000 to Rs. 30,000 and Rs. 20,000, respectively, or by Rs. 40,000. Out of the sum of Rs. 1,07,000 thus curtailed, Rs. 10,000 has been allotted for opening out a bridle-path along the trace of the proposed road from Aralgode to the head of the Saralhole ghat, and down the ghat to Nagavalli, which is a work of special urgency. Further, the provision of Rs. 91,500 made for the improvement of the Bangalore City has been raised to Rs. 1,00,000 which is the annual grant sanctioned by Government for the next five years in Proceedings No. 4706-10—L. F. 43-98, dated 4th June 1904, to be utilized and spent on permanent improvements not falling within the legitimate scope of the obligations of the Municipality. This amount has been re-distributed as under:—

(4) Chamarajendrapet ditto	48,500
(5) Bangalore City (old) proper drains and other improvements...	20,000
	1,00,000

The budget grant under Provincial Funds will therefore now stand at Rs. 35,21,500.

2. Under Local Funds General, provision has been made for the following two works, which could not be completed during the previous year owing to late sanction of the estimates:—

	Rs.
(1) Restoring damaged bridge on Chitaldrug-Challakere road ..	5,000
(2) Special repairs of Baramagiri-Hosdurga road	5,000
	10,000

The budget estimate under this head will therefore be increased to Rs. 1,44,000.

3. Under Palace Fund, the undermentioned two works have been omitted; and the allotment for constructing the Durbar Hall and renewing the blocks immediately east and west of it at the Fern Hill Palace has been raised from Rs. 20,000 to Rs. 40,000 in accordance with Government Proceedings No. F. L. 3477-8, dated 18th June 1904:—

	Rs.
(1) Extending the new road from His Highness the Maharani's private apartments to meet the Fair Lawn road at Ootacamund.	2,500
(2) Water-supply to the Fern Hill Palace at Ootacamund ...	10,000
	12,000

The budget allotment under this head will therefore be raised to Rs. 77,500.

4. The total budget estimate for the Public Works Department including the grants sanctioned in the Revenue and General Secretariat from District Funds will now amount to Rs. 44,33,333 as noted below:—

	Rs.
Provincial Fund	35,21,500
Local Funds General	1,44,000
District Funds	4,18,333
Irrigation Cess Fund	2,72,000
Palace Fund	77,500
	44,33,333

5. The French Rocks Division having since been abolished, and a Channels Division having been formed in its stead in accordance with the order of Government issued in Proceedings No. (P. W.) 710-40—3923-53, dated 6th July 1904, the necessary redistribution of works has been shown in the budget accordingly.

6. The classification of the grant under Provincial Fund into "Ordinary" and "Extraordinary" was omitted in the Draft Budget; but this distinctive classification might be adhered to for the present. The normal grant for Public Works cannot be regulated by any arbitrary standard; but this question may be carefully considered when dealing with the general financial scheme of the State after the arrival of the new Comptroller.

7. The percentage of establishment charges to works as finally revised is 23·1 against 19·3 of the previous year. The Secretary has already written the explanatory note read above on the subject, and his attention will be further called to the necessity of maintaining this expenditure in as low and economical a scale as is consistent with the efficient construction of works.

8. With the foregoing remarks, the Public Works Budget for 1904-05 is sanctioned for Rs. 44,33,333 as per details noted in para 4 *ante*.

1	From the Revenue Commissioner in Mysore, letter No. 219, dated 15th July 1903. States that he is not in favor of writing off the assessment on agricultural lands used for building purposes but that the assessment may be changed, and suggests a re-consideration of Rule 47 of the Land Revenue Rules which is unworkable in practice and is inconveniently worded.	G. O. No. R. 4127-8, dated 28th June 1904.	1
2	To the Survey and Settlement Commissioner, docket No. R. 2779, dated 11th March 1904. Calls for his opinion.		1

States that the interests of Government are guarded by Sections 48 and 63 of the Land Revenue Code, that it is not necessary to alter the practice obtaining in Mysore of writing off the assessment, and that the words "the amount of which (Ground-rent) should be regulated by the value of the site" occurring in Rule 47, may be omitted.		1
4	To the Revenue Commissioner in Mysore, the Survey and Settlement Commissioner in Mysore, and the Deputy Commissioners of Districts, G. O. No. R. 2228-37—L. R. 521-03-4, dated 8th September 1904. Directs the omission of the words abovementioned.		2

1	From the Revenue Commissioner in Mysore, letter No. 8379, dated 18th June 1904. Reports that an appeal has been preferred to him against the Kadur Deputy Commissioner's order refusing to release certain movable property attached for the realisation of arrears of Land Revenue, after the sale of the land concerned, and solicits instructions as to whether the case comes under his jurisdiction or whether it falls under the cases excluded under Clause (*b*) of Notification No. 37, dated 8th August 1902.		4
2	To the Revenue Commissioner in Mysore, and the Deputy Commissioners of Districts, Government Order No. R. 1964-72—L. R. 75-03-2, dated 2nd September 1904. Amendment of Rule 47 of the rules under the Mysore Land Revenue Code.

FILE No. 521 OF 1903-04.

Letter No. 219, dated 15th July 1903, from V. P. MADHAVA RAO, Esq., C.I.E., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

In returning herewith the marginally noted file, *re* the proposal to write off the accounts the assessment on certain lands acquired by the Chikmagalur Municipality forwarded to me with your docket No. R. 3251, dated 16th February 1903, for disposal, I have the honor to state that I am not in favor of writing off the assessment as proposed by the Deputy Commissioner. The Government is entitled to levy revenue on all lands which are its property and when agricultural land is used as building sites the assessment may be changed but cannot be remitted altogether. **Serial No. 1**

File ending with Kadur Deputy Commissioner's letter No. 603, dated 10th March 1902, *re* the alienation of certain lands acquired by the Chikmagalur Municipality for locating the 'Holageri' Vide G. O. No. R. 4127-8, dated 28th June 1904.

The rate may be low, but the right of Government to levy assessment should not be surrendered altogether. I would therefore suggest a reference to the Superintendent of Revenue Survey in the matter.

In this connection I would also suggest a reconsideration of the Revenue Rule 47, which is unworkable is practice and is inconveniently worded.

To the Survey Settlement Commissioner in Mysore, No. R. 2779, dated 11th March 1904.

Has the honor to forward herewith for favor of his opinion the file of papers ending with letter No. 219, dated 15th July 1903, from the Revenue Commissioner in Mysore, proposing the alteration of Rule 47 of the rules under the Land Revenue Code, providing for the levy of ground-rent on assessed lands alienated for building purposes. **Serial No. 2**

Letter No. 919, dated Bangalore, 16th March 1904, from Colonel J. P. GRANT, Survey and Settlement Commissioner in Mysore, to the Officiating Secretary to Government, General and Revenue Department.

In returning the file of papers received with your letter General No. 2779, dated 11th March 1904, on the subject of the alteration of Rule 47 of the rules under the Land Revenue Code, I have the honor to offer the following remarks:— **Serial No. 3.**

2. The Revenue Commissioner rightly finds fault with Rule 47, in question, on the score of ambiguity and the wording will have to be altered. Whether the intention of the rule is at fault is quite another matter.

3. The Revenue Commissioner and myself are chiefly and equally responsible for Rule 47 as it now stands. Our intention, mine at least, was to make the application of Section 48 (2) of the Code as rare as possible and to trust to the fine imposable under Section 63, to protect Government interests. The Revenue Commissioner now, in his letter No. 219 of the 15th July 1903, gives the opinion, that when agricultural land is used as building sites the assessment may be changed, but cannot be remitted altogether. The rate, he adds, may be low but the right of Government to levy assessment should not be surrendered altogether.

4. I would observe that there is no question of surrendering the right of Government to levy assessment, for Land Revenue Rule 29 expressly provides for the alteration of assessment under Section 48 (2). Nor can I understand why the rate of assessment fixed under that section should necessarily be low.

5. The fact of the matter is, that Land Revenue Rule 47 was intended to make the application of Section 48 as rare as possible and the mistake consisted in the insertion in that rule of the words "the amount of which (ground-rent) should be regulated by the value of the site." Had these words been omitted the rule would have been free from ambiguity.

6. The question now practically raised by the Revenue Commissioner, is, whether it will be sufficient to amend Rule 47, by erasing the words suggested in the preceding paragraph, or, whether the procedure followed in Bombay which renders the application of Section 48 (2) (also Mysore Section 48 (2) impertative, when possible should be adopted in Mysore. I may remark that Section 48 (2) by a Government ruling in Bombay, and as a matter of justice in Mysore, cannot apply to earlier Survey Settlements but only to settlements fixed under the present respective Land Revenue Code.

7. There is a certain amount of inconvenience and uncertainty in fixing rates altered under Section 48. Even in Bombay (see Land Revenue Rule 25 (4)—page 262 Sathe), the

Amendment of Rule 47 of the rules under the Mysore Land Revenue Code.

payment in a lump sum, at once, for the whole or unexpired portion of the lease, is aimed at no doubt in order to simplify the accounts.

8. The considerations set forth in the two preceding paragraphs as well as the belief that the Mysore Government was not in favor of ground-rents which would create great inequality in present as compared with old holdings, as also the opinion that the fine under Section 63 (see Land Revenue Rules 58 and 59) would fully protect the interests of Government, induced me to agree to Land Revenue Rule 47 as it now stands.

9. I must admit however that the Bombay procedure is more business like and, now that the Revision Survey is in progress in Mysore when it will of course be open to Government to apply Section 48 (2) to all lands appropriated for building or non-agricultural purposes, it is a question whether it would not be better to adopt the Bombay Rules (Bombay Rules 25 and 56, pages 261 and 296 Sathe). There can be no doubt that the Mysore Government has lost a good deal of revenue by lands being appropriated for building and other non-agricultural purposes and no appropriate fine being imposed under Section 63, I do not see why the opportunity offered at revision settlement should not be taken advantage of, to introduce a comprehensive and uniform mode of dealing with land diverted from agricultural purposes.

10. In Bombay the Survey Commissioner was given a discretionary power, at revision settlement, to either fix an appropriate assessment, under Section 48 (2) of the Bombay Code, on such appropriations, or to apply the "Pot Kharab" rules in the case of very minute appropriations.

11. Mysore Land Revenue Rule 47 might be amended by adopting the principles of Bombay Rule 25, and Mysore Land Revenue Rule 29 might be amended by adopting Bombay Rule 56 with an appropriate table of rates to be fixed under Section 48.

12. If Government will state their views on the general question I shall be prepared to submit for approval a draft of proposed amendments.

To the Revenue Commissioner in Mysore, the Survey and Settlement Commissioner in Mysore, and the Deputy Commissioners of Districts, No. R 2228-37—L. R. 521 03-4, dated September 1904.

Serial No 4.

The question for decision is whether a ground-rent should be levied on building sites appropriated from agricultural lands, or the existing practice of ordinarily having no such levy continued.

2. The question was raised by the Revenue Commissioner in connection with a reference made by the Deputy Commissioner of the Kadur District for remitting the assessment on certain survey numbers of the Basavanahalli village, acquired by the Chikmagalur Municipality for forming Pariah quarters and for opening new roads in the Western Extension of the town. The Revenue Commissioner has expressed the opinion that instead of the assessment being remitted in its entirety, a reduced rate, if necessary, might be adopted. This opinion is evidently based upon the policy obtaining in Bombay, which, however, is at variance with that obtaining in Mysore. In Mysore the policy is, while maintaining the liability to taxation of building sites, to generally exempt them from such levy when built upon. This question was much discussed when the present Revenue Code was framed and the conclusion arrived at at the time was that it was undesirable to assess every building site, whether already built upon or not; and Chapter X of the Code was so framed as to save all existing exemptions from payments of land revenue. The same policy was confirmed in G. O. No. R. 724-34—R. F. 82-98, dated the 27th August 1903, relating to the taxing of vacant building sites so long as they remained vacant.

3. The object of Rule 47 of the Land Revenue Rules is to make, in conformity with the existing practice, the operation of Section 48 of the Land Revenue Code as rare as possible. Mohatarfa house tax is imposed on all dwelling houses, but agriculturists enjoy a special exemption from house tax. It cannot be said that in fixing mohatarfa, the value of the site does not enter into calculation. In an agricultural country like Mysore with an expanding population, where cultivable land is still largely available, but building sites are limited, it is hard to adopt the rule of invariably imposing a tax on all lands which may be diverted from agricultural pur-

Amendment of Rule 47 of the rules under the Mysore Land Revenue Code.

poses. The interests of Government are, however, safe-guarded by clause 3 of Section 63 of the Land Revenue Code, which authorises the levy of a fine in such cases. This levy, when really necessary, is enough for all practical purposes.

4. Nor is the imposition of a ground-rent, if now ordered, likely to bring in a large revenue. The new levy cannot be made applicable to past appropriations of agricultural lands for building purposes. The vacant building sites in villages assessed under G. O. No. 16919-27—R. 1699, dated 6th April 1904, will cease paying that tax when built upon. The new tax can only affect, therefore, future diversions, but as a matter of fact, the cases of private persons using their holdings for non-agricultural purposes, especially for building houses, as contemplated in clause 2 of Section 63 of the Land Revenue Code, will not be very many. The necessity for such diversions mostly arises at present in large towns to diminish the overcrowding of the poorer population and are generally undertaken by the State. The levy of a ground-rent in such cases will be attended with hardship inasmuch as a house, unlike a land under cultivation, fetches no annual income, and the tax may have to be paid out of the small earnings of the people for whose benefit the diversions are intended. Even in such cases the space required for roads and drains must be exempted from any levy.

5. Under these circumstances, Government are of opinion that Rule 47, which was advisedly framed, should be allowed to stand in its present shape with, however, a small modification. The words 'the amount of which should be regulated by the value of the site' occurring in the said rule are now eliminated, as they have little significance; the ground-rent therein referred to being meant to be levied only in rare instances. A notification publishing this amendment of the rule will be issued in the *Gazette*.

Notification No. R. 2238—L. R. 531-03-4, dated 8th September 1904.

Serial No. 5.

The Government of His Highness the Maharaja are pleased to direct that the words "the amount of which should be regulated by the value of the site," occurring in Rule 47 of the rules issued under the Mysore Land Revenue Code, be omitted therefrom.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, September 1904.

Power of the Revenue Commissioner to entertain appeals on the orders of Deputy Commissioners in matters concerning the discretion used by Deputy Commissioners under Rule 35 of the L. R. Rules in adopting coercive measures for the recovery of arrears of revenue.

Letter No. 8379, dated 18th June 1904, from T. ANANDA ROW, Esq., B. A., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Department.

File No 75 of 03-04 Serial No. 1.

I have the honor to state that one Annappa having failed to pay the assessment for the year 1902-03, due on his khata Land Survey No. 537, measuring 10 acres and 3 guntas and assessed at Rs. 27, of the Vastara village in the Chikmagalur Taluk, the land was, after the usual formalities were gone through, declared forfeited and sold by public auction and resumed to Government as there were no bidders at the sale. The land seems to have been mortgaged for Rs. 200, and left uncultivated. As the arrears due were not realized by the sale of the land, the Deputy Commissioner ordered their recovery by the attachment and sale of the movable property of the defaulter. In accordance with this order, the movable property of the defaulter was attached and the perishable articles out of that property were also sold for a small sum of Rs. 1-3-3.

2. Meanwhile the defaulter's son Lingappayya, who was an employee in the Sub-Registrar's office at Chikmagalur, offered to pay the arrears from his pay in monthly instalments of Rs. 4 each, but this offer, it is reported, was refused by the Amildar, on the ground that it would take nearly nine months for the arrears to be cleared and that the acceptance of such an offer was not justifiable in as much as the security offered was salary not already earned but to be earned conditionally on good service. The khatedar Annappa also presented a petition to the Deputy Commissioner requesting that the arrears may be recovered by the sale of his other immovable property or by instalments out of his son's pay and praying that the movable property may be released from attachment. The Deputy Commissioner declined to release the property unless the arrears were paid.

3. Both Annappa and Lingappayya appealed to me against the Deputy Commissioner's order. Upon a consideration of the facts and circumstances of the case, I have informed the Deputy Commissioner that in my opinion the Deputy Commissioner would be well advised in ordering the movable property, which is now under attachment, to be released, and the arrears to be entered in the Remission Statement and eventually recommended to be written off. The occupancy has been forfeited to Government and the land vests in Government for want of bidders at the sale. In the circumstances of this case that seems sufficient; but I gave no final orders in the case as I was not sure that the Revenue Commissioner had jurisdiction.

4. The question for decision in the present case is whether the Deputy Commissioner rightly exercised the discretion vested in him, under para 3 of Rule 35 of the rules under the Land Revenue Code, to proceed against the other properties of a revenue defaulter for recovery of the balance of arrears due by him. It is doubtful whether such a case would fall within the meaning of Clause (*b*) of the excluded classes of cases under Notification No. 37, dated 8th August 1902, though it must be admitted that the wording of clause (*b*) is sufficiently wide to include even such a case. I therefore submit the case for the instructions of Government on the question of jurisdiction and for an authoritative ruling for future guidance in similar cases.

To the Revenue Commissioner in Mysore and Deputy Commissioners of Districts, No. R. 1964-72—L. R. 75-03-2, dated Bangalore, 2nd September 1904.

File No. 75 of 1903-04. Serial No. 2

The Revenue Commissioner has nowhere been empowered to entertain and dispose of appeals from such orders of Deputy Commissioners.

2. With regard to the view expressed by the Revenue Commissioner as to the scope of para 3 of Rule 35 of the rules under the Land Revenue Code that where the forfeited occupancy fails to realize, when sold, the arrears due thereon, they should be remitted under ordinary circumstances, as a matter of course, the attention of the Revenue Commissioner is invited to Government Proceedings No. 9618-25—R. 1441, dated the 11th of December 1894, which explains the principles upon which remissions in such cases are to be allowed.

1	From Kaveramma, widow of shanbhog Ramaiah, Hosaholalu, Krishnarajpete Taluk, memorial addressed to His Highness the Maharaja, dated 2nd July 1903. Complains that the Sub-Division Officer dispossessed her of the shanbhogi office in question and appointed a gumasta on behalf of Venkatalakshamma, counter-petitioner and widow of shanbhog Subramanaiya (Enclosure one memorial.)

7	To the Deputy Commissioner, Kadur District, 1164—P. F. 117 of 03, dated 21st March 1904. Calls for submission of the original title-deed relating to the Agrahar and the previous records of 1890 when, it is stated, that individual responsibility was recognised and sale held vrittiwar. 8	To the Inam Superintendent, 1165—P. F. 117 of 03, dated 21st March 1904. Forwards a copy of the Inam title-deed and enquires whether the distribution of vrittis and the apportionment of the quit-rent therein payable by each vrittidar do not amount to a separate registry of vrittis within the meaning of the latter part of clause (c) of Rule 99 of the Land Revenue Rules.

13	From the Inam Superintendent, letter No. 125, dated 21st April 1904. States that he entertains doubt as to whether the case falls under the clause of the Revenue Rules referred to, but that in case each portion has been subdivided and each vrittidar pays separately the quit-rent due on his portion, the case would fall under that clause. [Enclosure original title-deed.]	
14	To the Deputy Commissioner, Kadur District, R. 222-117-14, dated 16th July 1904. Calls for early submission of the accounts Nos. 14 and 15 relating to the jodi Agrahar in question.

16	To the Deputy Commissioner, Kadur District, R. 2719—117 of 03-16, dated 24th September 1904. Sets aside the sale complained of on the ground that this is a case in which "the shares have already been separately registered as vrittis" and as such it falls under the latter portion of clause (c) of Rule 99 of the Land Revenue Rules and that therefore the shares of the defaulters alone should have been first sold. [Enclosure three files of vernacular records and the account books.]
